

Equal Opportunities

Food has the power to bring people together from all walks of life. It's something we all love to talk about!

Community Growing is a great way to socialise, share ideas and learn new skills.

At Alliance Homes we are committed to Equality and Diversity. This means that no person or group of people should be discriminated against, either directly or indirectly, because of their race, religion or belief, marital status, gender, responsibility for dependents or carers, sexual orientation, age or disability.

We expect all Growing Together volunteers to respect each other and celebrate the differences within the group.

Thank you for your interest in volunteering on the Growing Together project. If you would like more information please contact Julie Baly on 07966515027 or Julie.baly@alliancehomes.org.uk.

Working in partnership with

Community Growing

Since 2013, The Growing Together project has successfully developed three vibrant green spaces on the Bournville, including The Chocolate Garden, Coleridge Road Allotment and the Growing Together Allotment. Our aim is to help support people and strengthen the local community by 'Growing Together'.

We will help you to 'grow' the following;

- Delicious, fresh, locally grown produce
- Your personal skills, knowledge and experiences
- Friendships and opportunities in the community
- Bright, vibrant outdoor spaces
- A community rich in wildlife

The Chocolate Garden

"A beautiful, sensory garden in the heart of the Bournville. Open to the public, a lovely place to relax and unwind. Full of colour, scent and wildlife."

Coleridge Road Allotment

"A lovely, peaceful green space for the local residents surrounding Coleridge Road. A great place to learn about the outdoors, grow veggies and be creative."

The Growing Together Allotment

"A community developed allotment site, which aims to grow fresh, seasonal produce for local residents. A great place to learn new skills and make new friendships".

Growing Together Benefits

- Gain new skills, knowledge and experience
- Meet and work with new people within the community
- Give something back to the community
- Training and development opportunities
- Enhance your CV and improve future employment prospects (Growing Together staff will happily write you a reference if required)
- Free refreshments during Growing Together activities
- Volunteer discounts in the FAHLC shop

Volunteer Conduct

The Growing Together project values all its volunteers. The project would not be where it is today without the dedication and support from so many 'green-fingered' residents.

As a Growing Together volunteer we expect you to meet the following standards.

- Be respectful to all volunteers, staff and the general public
- Only volunteer when fit to do so
- Keep yourself and other volunteers safe and follow instruction from Growing Together staff
- Maintain a good standard of hygiene during gardening sessions
