Understanding: Fees & Charges

As a Leaseholder of Alliance Homes you may from time to time find the need to access information, seek permission to carry out work on your home, or, in the worst case scenario, you may fall in to arrears with your rent, service charges, or both.

This document provides a summary of the fees and charges associated with the time and work required to process and provide the information required.

The following category of information is available;

1. Selling & Staircasing

If you decide to sell your home, your buyers solicitor and lender will require a significant amount of information from us which forms part of our Sales Pack. This includes details such as; buildings insurance information, a breakdown of service charges paid/owed, along with the value of any sinking fund built up (if applicable).
